Profile Summary

Results-driven programmer in multiple languages with expertise in **React Native and Flutter** for mobile app development for both iOS and android. Proven track record of efficiently developing custom solutions using **React, Material UI, and Typescript**. I also use **Angular** for dynamic **front-end** solutions. Experienced in **Node** for robust back-end architectures and Dart for versatile tech stacks. Solid foundation in **Python** and **Django** for web development and **Data science**. Committed to continuous learning and staying at the forefront of innovation. Proactive and adaptable with a proven track record of delivering high-quality solutions. Ready to bring my technical prowess and innovation to your team.

Skills

- ✓ **Programming Languages:** JavaScript, TypeScript, Dart, Python and PHP
- ✓ **Frontend Skills:**
 - Tools and Framework:** React, Nextjs, Angular, vue.js, Html, Css, Responsive Design, Webpack, Babel, Npm, Eslint, Husky, Firebase
 - State Management:** Redux, Recoil, Mobx, Flux
 - Testing:** Jest, Enzyme, pytest CI: layer CI API Integration: REST API, GraphQL API
- ✓ **Backend Skills:**
 - Tools and Framework:** Express, Nodejs, Nestjs, websockets, GraphQL, Jenkins, Docker
 - Databases:** (Nosql) MongoDB, Redis, (SQL) PostgreSQL, MySql
 - Background Services:** Agenda, Node cron, BullMQ, celery(python) **Search:** ElasticSearch
 - Others:** Continuous Integration/Continuous Development (CI/CD) pipeline
- ✓ **Soft Skills:** Problem-Solving, Collaboration /Teamwork, Agile Methodology, Continuous Improvement, Good Communications Skills, Self-Motivated, Code Review, Debugging, Automated Testing, Data Structures And Algorithms, Decision Making, Test Driven Development (TDD).
- ✓ **Cloud:** Aws(S3, Lambda, Sqs, Compute Engine, Iam, Dynamodb, Cloudfront...)
- ✓ **Collaboration And Version Control Tools:** Slack, Git, Jira, Google Docs, Google Sheet, gitlab
- ✓ **Others:** MacOS, Linux(kali, Ubuntu, archlinux), Windows, Es6, Machine Learning(ML), Deep Learning, Natural Language Processing(NLP), Artificial Intelligence(AI), Pandas, Numpy, Scipy, Scikit Learn, Tensorflow, Jupyter Notebook, Google Collaboratory

Work Experience

Full-Stack Developer (MERN STACK DEVELOPER)

Punch Group (Remote) <https://www.punch.cool/>

April 2022 – March 2024

- Spearheaded the development of frontend solutions using React, Material UI, and Typescript, resulting in a 20% improvement in user experience and system efficiency.
- Designed and implemented responsive user interfaces using React.js, ensuring a seamless and engaging user experience
- I implemented state management solutions and integrated third-party APIs (REST API, GraphQL APIs) for enhanced functionality (Redux, Recoil).
- Collaborated with backend engineers to integrate GraphQL and REST endpoints, ensuring seamless communication between frontend and backend systems.
- Ensured high-quality code by conducting thorough testing before submitting builds to QA, minimizing post-production issues.
- Engaged in analysis of UI and UX designs, identifying and optimizing APIs for improved functionality.
- Developed and maintained robust RESTful APIs using Node.js and Express.js, ensuring efficient data flow and system integration.
- Designed and implemented scalable database structures using MongoDB, optimizing data retrieval and storage processes.
- Implemented authentication and authorization mechanisms to enhance application security.
- Kept abreast of emerging technologies and industry trends, incorporating relevant advancements into ongoing projects.
- Although I was employed as MERN but also helped out in building python project using Django and I also did web scrapping with selenium for lead-generation because I also an experienced python developer.

Education

Bachelor of Science in Statistics

September 2014 - July 2018

University of Nigeria, Nsukka.

Certifications

- March 2021** Cisco Certified Network Associate
https://www.credly.com/badges/611615f3-d512-42be-af5c-97561105d604?source=linked_in_profile
- March 2021** Machine Learning and Statistical Analysis
https://www.credly.com/badges/de337973-fc13-4e51-b000-a34399b73958?source=linked_in_profile
- December 2021** Applied Data Science Scientific Computing and Python (World Quant University)
https://www.credly.com/badges/45376e12-f53a-48d7-a375-60e0e36d48bb?source=linked_in_profile
